Eco Beauty is a creative and contemporary flooring concept based on seven different tile shapes. Your pattern design will vary in look depending on the choice of colour, the direction of the yarn and light reflections. Available in Delux, Fantasy, Classic and Elegant. Special Backing for Tiles

We developed a new special backing for the tiles. The product structure is fabric layer, fiberglass mesh, PVC, and new non-woven material layer. This innovation can reduce noise, feel more comfortable underfoot, more importantly, the size is more stable than the ordinary PVC backing, and is not easy to shrink.
