High-quality mesh surface with smooth texture and better air permeability. The high-grade lift is BIMIFA and SGS certified and has a maximum support capacity of 265 lbs. Sturdy five-star leg base for stable sitting. The height of the chair can be adjusted using the handle in the lower right corner of the chair to accommodate desks of different heights.

YK-6702

设计师从需求点和设计美感出发,开始定义椅子的形态结构:

椅子的功能和外观可以有很多种,但是围绕的基本原则,只有人体工学和设计美感。

这款椅子不断优化,有了龙骨的架构,符合人体的曲线,兼顾简单的美感和相当的实用性。

Starting from the point of demand and design beauty, the designer began to define the form structure of the chair: The functions and appearance of chairs can be varied, But around the basic principles, only ergonomics and design aesthetics. This chair has been continuously optimized with a keel structure, which conforms to the curves of the human body, taking into account simple aesthetics and practicality.

Recommended index: ★★★★★

YK-6809

Recommended index: ★★★★★

Size: D 59×W 60×H 91-99 cm

6809 是可以折叠置入桌下的款式, 在闲置时方便收纳, 节省室内空间。

6809 有扇贝形靠背, 整体显得简洁优雅, 黑色、白色和灰色的基本配色适合办公室使用。

The 6809 is a style that folds under a table for easy storage when not in use and saves indoor space. The 6809 has a scallop-shaped backrest for a simple and elegant overall appearance, and the basic color scheme of black, white and gray is suitable for office use.

扶手轻松抬起, 轻松推入桌子, 方便短时不用放置, 节约房间空间。

The smooth curved shape of the armrest, taking into account the beauty and experience of use, makes people love it; The tiger's claws add agility and playfulness.

按住两侧按钮, 可以放下靠背, 可以将整把椅子置于桌子底下, 在较长时间不用时节约空间。

By pressing and holding the buttons on both sides, you can lower the backrest and place the entire chair under the table, saving space when not in use for longer periods of time.

YK-6703
